

The Company

GALA THERMO SHRINK PVT. LTD. is a member of the '**GALA**' Group; an independent family owned company. **GALA** has over 25 years of experience in the field of Cable accessories. The Company is being managed by Technocrats & professionals rich in experience for designing, developing & manufacturing of Heat Shrink Moulded Shapes & Tubings.

The Products

GALA manufactures & distributes complete range of Heat Shrink Moulded Shapes & Tubing for Power & Telecom markets. **GALA** products are RoHS compliance & manufactured according to UL 224, ASTM D 2671 & ESI 09-13 standards. The products offer excellent shrink properties, efficiency in application & a long service life. Specified customer requirements are a challenge to our team.

The Concept

Heat Shrink Terminology

Heat Shrink Terminology shall apply to Extruded and Moulded polymeric materials, which have the shape "Memory" effect. The effect makes the material to shrink back to its original shape and profile on application of heat more than its crystalline temperature.

Innovation

The company makes a constant effort through R & D to provide the most innovative range of Power Cable Accessories & Heat Shrink fitting offering excellent quality & durability. Innovation is the main reason **GALA** today is a leader in "HEAT SHRINK FITTING".

Quality Assurance

The company strives to give quality products which are to the expectation & complete satisfaction of the esteemed customers on a continuous & regularly monitored basis. **GALA**'s quality system has already been accredited ISO 9001, 14001 & OHSAS 18001. The factory has a full fledged laboratory to conduct all the routine product tests as per international standards. The company has a quality education system in which the supervisors & workers are regularly trained to upgrade quality.

Our Commitment

The company is committed to meet the needs of the customers. We offer our customers maximum benefits through customised solutions.

- Prompt service
- Excellent quality
- Competitive Prices
- Quick deliveries
- Customer friendly
- Flexibility in management

Export

Our export market continues to increase by closely working with appointed Agents, Distributors, Electric utilities & O.E.M. **GALA** is already established currently in more than 50 countries covering North & South America, Europe, Scandinavia, Africa, Middle East, Far East & Australia.
